

Agenda – Roads Working Group

April 13, 2010

9:30 AM

1. Call to Order
2. Approval of 3-9-10 Meeting Minutes
3. Primitive Road Statute Modifications Status
4. Continuing Business
 - a. Maintenance Costs
 - b. Funding Mechanisms
 - c. Roadway Design Standards
5. Dirt Road Classification
6. Open Group Discussion
7. Public Comment
8. New Agenda Items
9. Adjournment

MINUTES OF MEETING OF MARCH 10th, 2010

Minutes of February 9th 2010 were approved unanimously

Bill Cox, Chairman asked the committee members to direct all questions to him first.

Item 3.

Mr. Paul Hathaway – on white paper details and size, all members agreed that it will be best if the WP is short and concise, with backup information and data put in spreadsheets, Mr. Hathaway made a motion to approve and Ms. Nancy Pottinger seconded the motion

Item 4

Cost of maintenance external

Mike Collin \$750 per mile no water truck more realistic number will be \$1,500 to \$2,000 per mile

4 times a year

There are no dirt road grading standards

The Public Works Department is funded \$3,000,000 instead of \$6,000,000
From the 3 millions PW pays \$360,000 to the general fund (this needs to be addressed (Paul)

41% of the fund goes to salaries (28 positions)

Sierrita Mining and Ranching specializes in government contracts to counties and other agencies

Paul – suggest to contract the whole thing out for \$2,000 4 times a year

Simon – Sonoita crew grades too often – washboards consequence more work into the dirt roads.

How much are we spending

Who uses those roads

Border Patrol

Recreators

Property owners

Forest Service roads –

Roads in the east side of the county are better than the ones on the west side

Reason could be based on the topography

Committee Members questioned the efficiency of the county's crew comparing against Cochise, Graham numbers

Scott clarified to the group the differences and omissions on these two counties reports.

What is the county doing? East - West.

Equipment

Salaries

Operation expenses

Mr. Jake Brown advised to focus in Santa Cruz County and not the other counties. Cochise and Santa Cruz Counties topographies are very different.

Hand out explained by Scott

Calle Lukas, Calle Benito (Rio Rico)

Harshaw Road (East) and the difference in maintenance costs – high volume road -- Border Patrol -- Vineyards

Circulo Tumbleweed

Nancy mentioned that instead of spending money on the dirt roads why not chip seal them instead, would that be more cost effective?

How many times a year dirt roads are maintained? West – East Cost?>
30-50 houses need their roads to be maintained once a month

Public Works Director is working on a Maintenance (schedule) Plan.

Lyle mentioned a grader from PW parks on a cul-de-sac near his house

Jake – GRG effect on the road

What will go to the Board of Supervisors

Recommendation

Consistent Standard

Maintenance

Need to have a schedule to distribute ??

Bill

Identify classification of roads

Nancy

Preventive Maintenance

Staff clarified we do not take direction from Board Members unless it is official Board Action

Public needs to be educated

Schedule definitely a need

Primitive Roads Legislative Amendment will help with the non-maintained roads in RR once they're classified as Primitive roads.

As primitive there is no liability to the county and limited maintenance (once a year)

Classification of roads

Need assistance to limit the maintenance of primitive roads

Sign roads

Will the amendment raise the limit or roads that can be designated as primitive?

Funding

HURF 25% distributed on population and 75% on vehicle miles traveled (gas consumption).

Cochise County receives 1.5 million from general fund

Impact fees only way to offset impact from background growth

PILT goes to entirely to general fund yet is eligible for roads

Forest Service Fees – source that may go to roads never been pursued (756,000)

1.7 million to SCC goes to general fund

Group suggested solving problems within the existing law and not trying to create new legislation.

Victor mentioned the Appeals process – and whether the standards could be appealed to the Board

Standard to address local, low maintenance roads

Should the county have the forest roads?

Low volume local roads

Maintenance standards

MAG is unrealistic

ADEQ particle

Victor – Palo Parado costs – needs to see the PW staff regarding this – Bill mentioned not in the purview of the committee.

Jake Brown – ask other government entities like the Sheriff;s Office and Fire Department for their advice of roads in bad shape –

WHITE PAPER (Paul)

CLASSIFICATION OF ROADS
DESIGN STANDARDS
HOW MANY MILES CIRREMT CPST
SPREADSHEETS
WHERE IS THE MONEY COMING FROM

New agenda

Committee agreed that more time was needed to digest the information PW presented to all the members of the committee.

Road Name	SEGMENT	CLASSIFICATION	FROM	TO
Papago Springs Rd.	2	COURTESY	USFS Boundary	Everhardt Ranch
Salero Canyon Rd.	3	COURTESY	Weatherhead HQ Rd.	Victor Mine Rd.
Agua Caliente Rd.	1	PRIMITIVE	Mt. Hopkins Rd.	End of Graded Rd.
